Cannabis State Warning Symbol on Glass	+ \$0.06-\$0.14

CUSTOM AREAS

MINIMUM ORDER QUANTITY

AIO	1,000
INDIVIDUAL BOXES	Varies
MASTER DISPLAY BOXES	Varies

Higher quantities purchased may result in price breaks. Please speak to a sales agent for pricing details.

NOVA QUARTZ AIO

The most modern and flavorful way to vape has hit the AIO market. The Bear Rootz Nova AIO features our patented quartz atomizer and filter system that enhances oil flavor while reducing leakage and wear-and-tear. Additionally, the natural durability of quartz further enhances the product's longevity. The Nova AIO is available in stock in black, or can be fully customized to suit your branding identity. Provide your customers with exceptional flavor until the last puff!

The Best Flavor Profile on the Market

Thanks to the natural properties of quartz, quartz atomizers provide superior flavor and consistent vapor production from the very first puff to the last.

Atomizers made of non-quartz materials tend to wear down faster, releasing particles into the vapor and altering the oils' natural flavor.

Superior Heating Element

Due to quartz's crystalline structure, it naturally conducts heat while using less energy compared to other atomizers on the market.

Since quartz has equally-sized pores, it allows the atomizer to heat up and vaporize the oil more evenly with less energy, resulting in a smoother vaping experience without any burnt hits.

Handles Almost All Ranges of Viscosity

Unleash your creativity with a myriad of customization options, allowing you to tailor every aspect of our Quartz AIO to your brand's unique style and preferences.

From personalized color schemes, materials and textures, make your customers' vaping experience truly unique!

DETAILS

- Full Customization Available
- Patented Quartz Atomizer Technology
- Non-Refillable
- Inhale Activated
- Micro-USB Charging Port
- Tank: Poly
- Center Post: Stainless Steel
- Voltage: 3.6V / 280 mAh
